## **Nomination Committee composition**

The Nomination Committee ahead of the Annual General Meeting 2017 was established by the Chairman of the Board contacting the three largest shareholders on the last business day in September 2016 and offering them the opportunity to appoint one member each to the Nomination Committee.

The largest shareholder, Volito AB, whose shareholding on September 30, 2016 represented approximately 21 percent of the voting shares in the company declined to appoint a member as Chairman of the Board Ulf Liljedahl, who is also CEO of Volito AB is a member of the committee. The Chairman is considered dependent to the company's largest shareholder.

Consequently, the fourth largest shareholder was offered to appoint a member of the committee. Investment AB Öresund appointed Øystein Engebretsen, Lannebo Fonder appointed Claes Murander, and Spiltan Fonder appointed Pär Andersson as their member. ## **Motivation of proposal of Board of Directors**

The Nomination Committee of Bulten AB (publ) motivates its proposal of Board of Directors as follows.

The Nomination Committee has in the assessment of appropriate size and appropriate composition of the Board considered the competence and experience of individual members and especially valued how the members complement each other and that the board jointly possesses the requisite width in both background and competence. The Nomination Committee has especially considered the demands that will be placed on the Board considering the Company's operations, development and other conditions and also taken into account the value of both continuity and renewal among the Board members. Even independent

issues have been considered as the pursuit of gender balance and continued previously started change of generations. The committee has considered the results of the evaluation of the current Board of Directors and its work done and based on the information the Nomination Committee deems that the Board is functioning well and as a whole possesses broad competence and experience relevant to the Group operations and the different geographical markets they operate in.

At the AGM in 2016 all seven Board members were re-elected and a new member was elected. The Nomination Committee has, in the same manner as for 2016, this year decided to focus on ensuring the continuity of the board.

The Nomination Committee has been informed that the chairman and other directors, except for Johan Lundsgård, declared themselves available for re-election to the Board.

In light of the above, the Nomination Committee proposes re-election of Ulf Liljedahl, Hans Gustavsson, Hans Peter Havdal, Ann-Sofi Danielsson, Gustav Lindner, Peter Karlsten and Anne-Lie Lind. As Chairman of the Board, Ulf Liljedahl is proposed.

The proposed Board of Directors is assessed to have the versatility and diversity of competence, experience and background that is required and is suitable with respect to the company's operations, development stage, and other conditions. The Nomination Committee has in its work considered that gender balance will be sought on the board and that the board should be characterized by diversity and breadth of skills, experience and background. The Nomination Committee has applied diversity policies that apply to the Company in preparing its proposal.

In order to assess whether the proposed directors are considered independent of the company and its management and major shareholders of Bulten, the Nomination Committee has obtained information about the proposed Board members. The Nomination Committee has determined that Ulf Liljedahl and Gustav Lindner are to be considered as independent of the company and its management but not independent of the company's major shareholders. The other proposed directors are considered independent in relation to the company, management and major shareholders.

The Nomination Committee has at its preparations evaluated previously decided remuneration levels for board members against comparable companies. Taking into account such review, the Nomination Committee proposed an unchanged remuneration level except for one increase of remuneration to the Board's committee of 50,000 SEK. Total remuneration is therefore proposed to amount to 2,450,000 SEK, which is a decrease of 250,000 SEK from last year.

In accordance with the Audit Committee's recommendation, the Nomination Committee has chosen to recommend the Annual General Meeting that the accounting firm PwC as auditor for the ensuing term.

Moreover, the Nomination Committee has drawn up proposals for appointing a Nomination Committee ahead of the 2017 AGM, as well as instructions for such a Nomination Committee. The proposed principles are consistent with those applied in the past year. The Nomination Committee proposes no remuneration be paid to the committee members.

Shareholders have the opportunity to submit their proposals and views to the Committee until 17 February, 2017.
