

STATEMENT ON MODERN SLAVERY

Introduction

BBB Services Limited, and Bulten Group as parent company, are committed to ensuring that there is no modern slavery or human trafficking in our supply chain or in any part of our business. This statement is made pursuant to section 54(1) of the [Modern Slavery Act 2015](#) and constitutes our organisation's slavery and human trafficking statement for the financial year ending 31 March 2019.

Organisational Structure and Business

BBB Services Limited is part of the Bulten Group and our parent company is Bulten Fasteners AB based in Gothenburg, Sweden.

Bulten Ltd imports and exports fasteners for the automotive industry. Bulten introduced its Code of conduct for suppliers 2017. The code is specially designed for suppliers, the aim being to communicate more clearly our demands when it comes to business ethics, health and safety, environmental requirements, social responsibility, and this statement. Implementation has begun with communication and distribution to all active suppliers, and the aim is to achieve acceptance from all suppliers.

To ensure compliance with the code of conduct, it is included in our terms and conditions. Supplier compliance is managed through our SRM (Supplier Relationship Management) system. Over the years we have established working methods to monitor and audit our main suppliers, and potential and new suppliers are carefully evaluated based on our code of conduct. If we decide to proceed, an audit is performed on site which for example includes the management system, financial status, the purchasing process and flow of goods, as well as the supplier's follow-up systems. With our existing suppliers we conduct regular assessments, and have dedicated employees who work with quality assurance and supplier development.

Based on this there is a low risk of slavery or human trafficking within our supply chain. Bulten disassociates itself from child labour and work carried out under duress or threat of violence, and supports and respects the protection of internationally asserted human rights. Bulten will develop its assessment model further in order to secure compliance to the Act on Modern Slavery and Human Trafficking. Bulten Ltd complies fully with all aspects of local legislation in all countries in which we operate.

Bulten issues a sustainability report annually since 2017. The 2018 Annual report with Sustainability report can be found at <https://www.bulten.com/en/IR/Annual-reports>
